Taking action with WWF More to Value.

Together with WWF, we are committed to certified raw materials. As an example, 100% of our private-label tea come from certified sources according to EU Organic and Rainforest Alliance, and 100% of palm oil is certified according to the RSPO standard. These standards help to:

support the protection of habitats and biodiversity – for example, by helping to prevent deforestation and by preserving wetlands and buffer zones for wildlife.

significantly reduce the use of chemical pesticides, thereby protecting people, soil, and water compared to conventional cultivation.

Simply look for these labels when shopping.
